About the artist

I'm a software engineer. Basically, I'm computer geek who loves to solve problems. I have been developing software for the last 25+ years but have recently rekindled my love of music.

Many of my scores are posted with individual parts and matching play-along however, this is not always practical. If you would like individual parts to any of my scores or other specific tailoring, please contact me directly and I will try to accommodate your specific needs.

Comment: "Dona Nobis Pacem" (Grant Us Thy Peace) is a timeless melody from the 16th Century, and its words that are a fervent prayer for peace, are appropriate all year as well as a beautiful message for holiday time. This arrangement is appropriate for either lever harp or pedal harp as there are no lever or pedal changes. I created this arrangement for Harp to highlight the serenity of the peaceful arpeggios
